Our Story

It all started in 1960 when Ingrid and Uwe moved from their hometown of Hamburg, Germany to the United States in search of the American dream. Although they both grew up in Hamburg, they did not meet until they were both living in Long Island. They quickly fell in love, got married, and started a family. Uwe's passion was baking, in fact he was the youngest person (at the time) to become a Certified Master Baker in Germany at the age of 22. Ingrid graduated from Schlankreye International Business College in Germany with honors. Ingrid's passion was cooking and dreamt of one day opening her own café. The combination of their talents led them in search for a place they could call their own. After 5 years working in different bakeries and restaurants in Long Island, they came across an ad in the NY Times for a bakery for sale in Kingston. They quickly drove to check it out and fell in love with the Hudson Valley. Four days later they purchased Ketterer's Bakery. They took Ketterer's to a whole new level and quickly outgrew this location. After 15 years of operating as Ketterer's Bakery, they purchased an old vacant Goodyear Tire Repair Center in Uptown Kingston. This big building is what Deising's is today. This gave Uwe the space needed to grow the bakery and Ingrid the space for her café! Ingrid's homemade soups and sandwiches became so popular that they outgrew the small café space leading to the purchase of the two buildings next door which is now our restaurant and catering rooms.

Deising's now operates as a retail and wholesale bakery, breakfast and lunch restaurant, and catering company. We have won numerous awards over the years such as "best breakfast in the Hudson Valley" "best cookies in the Hudson Valley" "small business of the year by the Ulster Regional Chamber of Commerce" as well as many other awards, but our proudest moment "Retail Bakery of the Year by Modern Baking Magazine"

We continue to innovate and renovate to keep up with the changing times. In 2020, when the Covid-19 pandemic forced businesses throughout the country to close down, we decided it was time to re-invent ourselves once again. We created a self-serve kiosk option for self-ordering. We created a more open environment and a seating area for both our bakery guests and restaurant patrons to enjoy. On a sad note, we did end up closing our original location during the pandemic and never re-opened it again. However, closing the other store allowed us to concentrate on this location to better serve our guests. All of our products are baked fresh daily, using recipes from our father from Germany, as well as recipes we've collected throughout the world. We use the finest and freshest ingredients that the market offers, many of which are imported from Europe so we can recreate authentic desserts from the "Old World"

Uwe and Ingrid retired in 1999, but left us with a great foundation on which to build upon. They taught us the hard work ethic needed to run a business like this. We were also sent to some of the finest schools and bakeries to learn this trade. We are now in our 3rd generation running this business and are thrilled to continue the family tradition of offering the Hudson Valley the finest baked goods. Our mission statement is **"To produce high quality bakery goods and great customer service at a fair and reasonable price for our customers"**. We live by this motto. We hope you enjoy your dining experience with us today and thank you for your patronage!
